<div class="container-s1"> <div class="text-block"> <p><strong>Study at the best Czech universities for free.</strong></p> <p>According to the law, higher education in the Czech Republic (bachelor's and master's degree studies) is free for everyone, including foreigners. The only condition is that <strong>you have to study in Czech</strong>. But don't be afraid! It is difficult, but possible.</p> <p>The chances of ÚJOP Charles University graduates to enter the best universities in popular specialties increase significantly. We have been successfully preparing foreign students for admission to Czech universities for over 60 years.</p> </div> </div>

## Work in the Czech Republic after University Graduation

<div class="flex-container"> <div class="flex-item-40l"> <p style="font-size: 1.2em; text-align: left; font-weight: bold; color: #cc2c32;">What are the advantages of a diploma received in the Czech Republic?</p> <p>First, you get <strong>free access to the Czech labor market</strong> – you do not need to go through complicated procedures, which are mandatory for foreigners that do not have a Czech diploma.</p> <p>The second important argument in favor of a Czech diploma is that <strong>your education is easily recognized in any country of the European Union</strong>.</p> </div> <div class="flex-item-60r"> <p style="font-size: 1.2em; text-align: left; font-weight: bold; color: #cc2c32;">What can you do with a Cybersecurity degree?</p> <p>Graduates of the Cybersecurity program know how to ensure the <strong>permanence of the information safety</strong>, and they will definitely find their place in the labor market. As a professional with the latest cybersecurity knowledge, you can find a job in any company. And the list of your possibilities does not end here.</p> <p>You can become:</p> <strong> <ul> <li>security analyst and architect</li> <li>secure

software and hardware developer</li> <li>forensic analyst</li> <li>security engineer in data centers and companies providing hosting of computing infrastructure</li> </ul> </strong> </div> </div>
