# Foundation Programmes: Natural Sciences

---

Hao, China "After studying Czech, I will do a bachelor's program in biology, ecology or forestry."

Hadi, UAE "During one year I learned subjects and topics that I had not yet studied in biology, chemistry or physics."

"I was recommended a preparatory programme at UJOP Charles University. During one year I learned subjects and topics that I had not yet studied in biology, chemistry or physics. **These gave me the foundation to pass the entrance exam, and, as a result, I was admitted to study at university.**"
