
STEP 4: INTERVIEW FOR OBTAINING A VISA TO THE CZECH REPUBLIC

Once again, check the document requirements on the website of the embassy/consulate in your country! Documents must not be older than 180 days on the day when you submit the application.

Applying for a long-term visa usually involves a short interview. Please check the [Visa Interview page](#) for advice on how to prepare for such an interview.

Attention: Keep the original insurance policy with you. All you need to do is attach a copy to your visa application. You will need the original insurance policy when affixing the visa into your passport and for possible use in the Czech Republic.
