# Webinar: Study in the Czech Republic

---

Webinar organized by UJOP Charles University, Czech Embassy, Czech Centers and Czech National Agency for Education and Research.

Embassy of the Czech Republic  
in Tel Aviv

ČESKÁ CENTRA  
CZECH CENTRES

**The Czech Republic offers high-quality university education in a variety of majors, including Medicine & Pharmacy, Economics, Engineering & IT, Humanities, Arts & Architecture, and Natural Sciences.**

Choose to study:

- **For free in Czech language:** Foundation programmes at UJOP Charles University will help you learn Czech and prepare academically, culturally and socially for university entrance in one year.
- **For affordable prices in English language:** Consider direct entry or foundation programmes that can help you get ready for even the most competitive majors and demanding universities.

**When?** 3rd April at 18:00 (Israel time)

**Platform:** MS Teams

**Register for the 60-minute online webinar [here](#).**

#### **Webinar schedule:**

- 18:00 – 18:15: Education and life in the Czech Republic
- 18:15 – 18:35: Studies in Czech language (for free education) and English language (for affordable fees)
- 18:35 – 18:45: Summer schools in Czech and English language
- 18:45 – 19:00: Q&A

#### **What you will learn:**

- Why choose the Czech Republic for your studies? Life in the Czech Republic – what to expect.
- When to choose a foundation programme and when to register directly for a bachelor programme.
- Foundation programmes available in Czech language (for further free university studies).
- Studies available in English (for affordable fees).
- Admission requirements.
- Summer Schools in Czech and English language.
- Q&A session.

**The Institute for Language and Preparatory Studies of Charles University**, one of Europe's oldest universities, is a top educational institution providing high-quality foundation programmes in English or Czech, as well as excellent summer schools.
