# Shanghai Ranking

---

  
ShanghaiRanking began to publish world university ranking by academic subjects in 2009. More than 1,900 out of 5,000 universities across 96 countries and regions are finally listed in the rankings. The Global Ranking of Academic Subjects rankings use a range of objective academic indicators and third-party data to measure the performance of world universities in respective subjects, covering in 5 major evaluation categories such as World-Class Faculty, World-Class Output, High Quality Research, Research Impact and International Collaboration.
