This will help future students find motivation to study both Czech and the specialized subjects. You will help them see their possibilities and demonstrate how studying at ILPS CU can be the next step to achieving their dreams. We regularly meet with the new students during the start of the semester or at the Christmas meeting.

Chiara Mengozzi, PhD - Institute of Romance Studies Italy

Studying Czech at the Institute of Language and Preparatory Studies at Charles University was one of the decisive factors that enabled me to integrate into the Czech working environment. I currently work as an assistant professor at the Institute of Romance Studies, Faculty of Arts, Charles University, where I teach literary studies and Italian literature.
