NECESSARY EQUIPMENT FOR FULL-FLEDGED STUDIES IN Microsoft Teams

We draw to your attention that for successful studies on the ILPS annual course and for future studies at universities of the Czech Republic you will need to have a personal computer with a keyboard or laptop (not a tablet and phone!). Headphones or ear pods, microphone, webcam (everything can be built-in or connected separately).

The computer/laptop will be necessary for a whole academic year (not only in quarantine), as part of the studies (performance of homework, asynchronous learning, communication with teachers and administration, webinars, etc.) will be held on the Microsoft Teams platform. The laptop can be purchased even after arrival in the Czech Republic, for example online via e-shop, for example on [Alza.cz](https://www.alza.cz).

For those who come to the Czech Republic with a delay and start training at home IT IS IMPORTANT TO HAVE A GOOD INTERNET CONNECTION.

Requirements for Hardware to run MS Teams on a computer (Windows for MS or Mac) are quite modest. It will be enough to have a regular "office set" in the computer. Of course, the more powerful the computer will be, the better the quality of online lessons will be.

Before you start school, look at the learning video on Microsoft Teams.
